Forty Years Ago

in a small store on the east side of Broadway, near Astor Place, "The Linen Store" was started. Steadily increasing business has several times since then necessitated removal to larger premises. To-day it is conveniently located in the centre of the best retail business district, occupying an entire five-story building, and is in every way better equipped for catering to the wants of its patrons than ever before. The business was established with the object of dealing in

Pure Linens as a Specialty.

This purpose has always been steadfastly adhered to and every effort directed to the supplying of goods of the highest standard of quality. The knowledge acquired through our long experience enables us to place before our customers assortments from which they may make their purchases with confidence. Our stock is generally conceded to be the most comprehensive in the country; indeed there is no desirable linen article or fabric known to us which cannot be obtained in some one of our departments. We deal directly with the manufacturers; many of the goods which we offer are made for us exclusively and cannot be had elsewhere. To meet the demands of our business outside of our specialty, we have added from time to time departments for Art Materials, Blankets, Down Quilts, Bed Spreads, &c., and Washable Dress Materials, in which we carry varied and choice assortments of the best goods in these lines.

Our Annual Linen Sale,

Commencing Jan. 2, will be one of unusual interest; for several months we have been making careful preparation for it, and have secured a number of most desirable lots of high-grade goods—table linen by the yard, table cloths and napkins in all sizes, towels, hemstitched table linens, &c., which we shall offer at about 33\frac{1}{2} per cent. discount. Also exceptional values in Hemstitched Linen Sheets, Pillow and Bolster

A printed list of particulars of goods in this sale will be mailed on request.
